LPSSNYC.com

Exceptional Ingredients, delivered with purpose.

Lobster Place has been a go-to for NYC chefs for over 50 years. We got our start on the Upper West Side in the early 1970s, supplying live lobsters and fresh seafood to neighborhood restaurants. In the 1990s, we moved to Chelsea Market — where we built a reputation as one of the city’s most respected seafood purveyors.

In 2021, we joined forces with Gourmet Cargo to expand beyond seafood. That move added a thoughtfully curated line of specialty products — from imported butter and oils to charcuterie, vinegars, pantry staples, and non-alc beverages — all selected to help our chefs elevate every dish. To reflect that evolution, we rebranded as LP Seafood & Specialty. Same trusted seafood. Now with a specialty lineup to match.

Our mission is simple: Empower culinary excellence by delivering the finest ingredients, reliably and fast. We offer next-morning delivery across NYC, low minimums, and a team that understands the pace and pressure of service. Inside, you’ll find our current specialty lineup — along with many of our premium seafood items. If you don’t see what you’re looking for, just reach out. We’ll do what it takes to get it to you. Let’s cook.

LOSADA

For over 50 years, Aceitunas Losada has produced table olives in Carmona, Spain, near Seville. The family-owned company controls the entire process, from hand-harvest in their groves to curing. The current generation of owners, siblings Luis and Maria Losada, have focused on resurrecting forgotten olive varieties and returning to traditional, natural curing methods.

MSC/ASC

The Marine and Aquaculture Stewardship Councils certify the sustainability of wild fisheries and aquaculture operations using standards accepted among fishery experts, scientists, researchers, and environmental NGOs.

Wild seafood products bearing the MSC certification

are fished from sustainable stocks with effective resource-management plans and using methods with minimal environmental impact.

Farmed products bearing the ASC certification are farmed using methods that minimize key environmental and social impacts of aquaculture.

Lobster Place Wholesale is one of only a handful of distributors in the New York City region with an MSC/ASC Chain of Custody certificate. Products marketed as MSC/ASC certified are always properly labeled and can be tracked back to certified sustainable sources.

Together with our Chain of Custody certificate, our MSC/ASC products offer customers peace of mind that they've made a sustainable sourcing decision and will receive exactly what they ordered.

ORTIZ

Ortiz Anchovies are caught during the spring season. To maintain their full flavor, Ortiz prepares them fresh, one by one. Then the anchovies are aged in barrels with salt for at least 6 months. Once at their peak of maturity, they are hand-filleted and packed in olive oil or salted. There's a reason the *Engraulis encrasicolus* species is the most popular in the world and Ortiz brings out their full potential. Through their careful, traditional preparation process, Ortiz is able to offer a premium anchovy with a compact flesh and rich flavor.

SOPAC

(CALEDONIAN AQUACULTURE FARMERS' SOCIETY)

SOPAC Cristal Blue shrimp from New Caledonia take their name from their unusual appearance. These ASC-certified blue shrimp have a melt-in-the-mouth flavor that is comparable to langoustine and lobster meat. Cristal Blue shrimp get their exceptional flavor from feeding on high quality plankton in the pristine lagoons of New Caledonia. They are never treated with antibiotics, growth enhancers, or GMOs.
